Oratory of Saint Mary and Saint Michael

GLOUCESTER, MASSACHUSETTS, U.S.A.

A Monastic Community for Men in the Episcopal Church

THE ORATORY of Saint Mary and Saint Michael seeks aspirants to the Religious Life among those who are alert to the present need for nourishing a synthesis of Catholic Theology with natural science and the secular historical analysis of the Marxian tradition — in other words — meeting the special demands of the contemporary world crisis.

The Oratory is the liturgical center of the Society of the Catholic Commonwealth, which includes as Members Secular both men and women who pursue their customary occupations in many parts of the world under a Rule appropriate to their state in life.

ANOTHER FIVE-OCTAVE, SIXTY-ONE BELL

"Arlington"* CARILLON

INSTALLED AT CHRIST EPISCOPAL CHURCH, INDIANAPOLIS, IND.

The growing acceptance of the "Arlington" Carillon is good news for organists! Schulmerich is the world's ONLY producer of modern bell instruments with both English and Flemish type tuning, as well as chimes, thus providing percussion instruments meeting the requirements of any church or institution. Both bell instruments have all the traditional partials, including the rich, colorful minor third distinguishing a true bell tone from chimes which lack this quality.

The Schulmerich "Arlington" Carillon is the ONLY modern instrument having the sub-octave hum tone which together with its other partials identifies the Flemish type tuning. All types of harmony—major, minor, augmented, and diminished chords or any other type of chord, arpeggio or trill, can be played without restriction. With its 61 bells, 5 octave chromatic range, *played from one keyboard,* all types of carillonistic effects are possible. Individual expression pedal controls for bass and treble bells provide wide dynamic range for solo and accompaniment so necessary to true carillon music.

Truly, The "Arlington" is the 20th Century carillon embodying the tradition and color of the finest cast bell instrument. While retaining all the desirable features of cast bell carillons, undesirable factors such as tremendous weight, huge tower construction, keyboard limitations, complex automatic operation and enormous cost are eliminated.

If you've dreamed of the unfettered use of bells from the tower or with the organ, investigate The "Arlington" Carillon *now!* Write to:

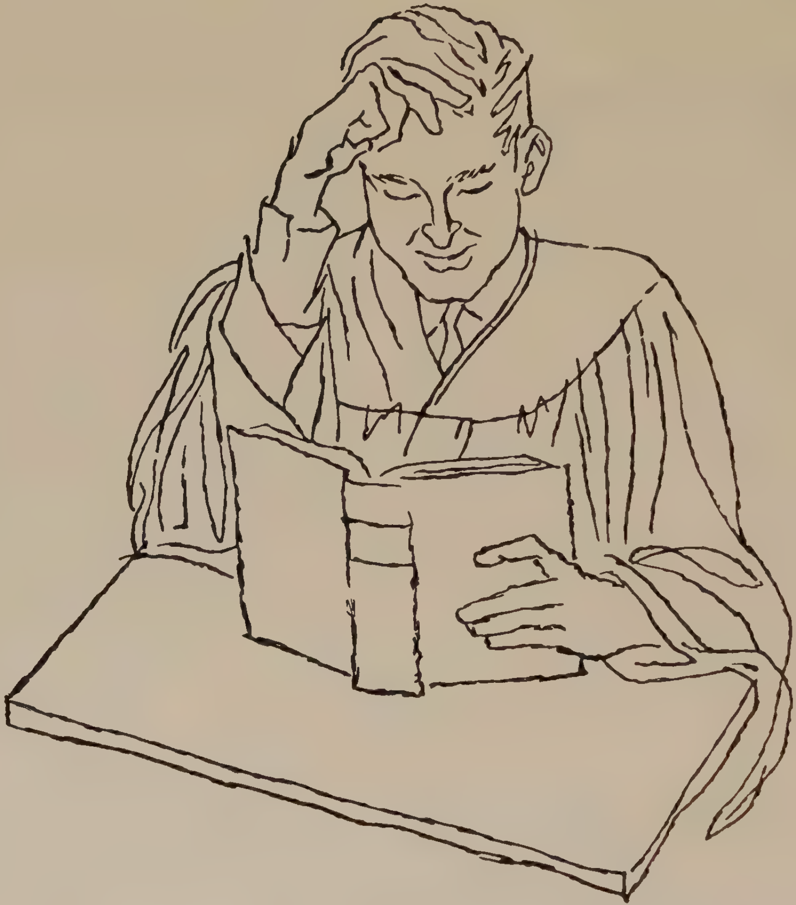
The Future Bishop Of Your Diocese Parish Are Now Studying In One



And The Future Rector Of Your Of The Seminaries Of The Church

The Seminaries of the Episcopal Church are engaged in the *common* task of training men for "the Ministry of this Church." They are now admitting the record number of 350 men in their entering classes.

Just as the medical schools, the normal schools, and the United States naval and military academies specialize in training men for particular tasks, so do the seminaries of the Church occupy a most important position in the training of men for the ministry. The future leaders of the Episcopal Church are studying in one of its seminaries right now.

Suggestion to Vestrymen:

A way to help your parish

Your Church company is sanctioned by General Convention and managed solely in the interests of the parishes of the Episcopal Church. When you are thinking of fire, casualty and related insurances we suggest you consider these unique advantages offered by "Church Fire":

- Reductions in premium rates up to 20 per cent below standard stock company rates.
- Premiums may be paid in quarterly instalments, without interest, thus affording a further saving and helping to stabilize the budget.
- Expert advice based on long experience insuring Episcopal parishes like yours — over 4500 Episcopal properties are now insured by your Church company.

Established in 1929, "Church Fire" has served the Church for over 25 years. Profits go wholly into clergy pensions. Casualty insurance lines have been added more recently. And now, through an affiliated company, Church Agency Corporation, all persons handling Church funds may be covered under a Blanket Surety Bond, at greatly reduced costs.

A Special Personal Note

You, personally, and the members of your family, have a valuable partner in Church Life.

To solve the financial problems you face as an individual, there is usually a life insurance solution which is more economical, more logical, and more flexible than any other form of investment.

The Corporation's planning help and its contracts are yours to use. Your inquiries are welcomed.

No representative will call, since all service is rendered by mail.

Pensions for Lay Workers— Benefits for Widows & Orphans

Pensions and survivors' benefits have today become quite as important a part of the terms of employment as salary itself. The business world has already felt this new trend. It is becoming the increasing concern of vestries and other organizations of the Church employing paid lay workers.

Responding to the many requests from Church organizations for guidance in meeting the problem, the Church Life Insurance Corporation has developed procedures, specially adapted to the budgets of such organizations, whereby small, regular cash deposits will create the pool of capital needed to provide such benefits.

Without this pool of capital the funding of ample benefits verges on the impossible in most Church organizations.

If you face this problem in your parish or organization, for the few or for the many — or for yourself and your family alone — let Church Life help you find the answer.

Eligibility for the plans of the Corporation is extended at all times to the clergy and to those who, as lay workers, are actively serving the Church beyond the call of membership at the time of application, whether the service be paid or voluntary.

When one member of a family circle is so serving the Church, or is a policyowner of the Corporation, eligibility automatically extends to all other members of the immediate family — spouse, parents, brothers and sisters, and children.

Termination of service to the Church in no way affects a policy previously issued by the Corporation. It may be continued in force by the policyowner.

Budget Expansion Programs

The diocese which needs capital funds can solve its problem effectively by sponsoring a Budget Expansion Program designed to strengthen its parishes and missions financially.

A weakness of the conventional diocesan capital fund drive is that. after the newly acquired funds have been spent, the expanded program of the diocese imposes a higher overhead but the income remains the same. It also leads to local frustrations because it merely skims the cream of the best parish and mission core giving while making little impact upon the large perimeter membership.

This new Budget Expansion Program is a healthy replacement because it lifts permanently the giving at parish level. Strengthened parishes and missions will enlarge their programs and the diocese will benefit from increased assessments and apportionments on a long-term basis.

We also assist many individual parishes and missions, quite apart from any diocesan-sponsored effort, in Budget Expansion Programs which broaden the base of giving and lead to a wider sharing of interests.

We shall be happy to advise with any diocese, parish or mission to explain the Budget Expansion Program in detail, without cost or obligation.

Foreword

This edition of The Clerical Directory is the nineteenth compilation of clergy biographies since the first issue in 1898. The Directory has been edited successively by the Reverend Frederic E. J. Lloyd, the Reverend Andrew David Stowe, Grace Stowe Fish and, since 1941, The Church Hymnal Corporation in behalf of The Church Pension Fund.

The title of past editions has variously been Lloyd's Clerical Directory, The American Church Directory, and Stowe's Clerical Directory. With this 1956 issue the title becomes simply The Clerical Directory.

The Directory is revised every three years, following General Convention. It is not a money-making enterprise. The effort and expense of its production, which has been under the supervision of Miss Marjorie Hillman, are considerable. The selling price per copy is set at a figure which it is hoped will balance costs.

Photographs of the clergy groups in the several dioceses and districts were included for the first time in the 1953 edition. This innovation was generally acclaimed. Even large groups can be satisfactorily "shot" if the photographer takes care.

Included in the present issue are photographs of the clergy staff of The National Council and the faculties of the several Seminaries. Unfortunately no suitable photograph of the House of Bishops at General Convention in Honolulu was taken.

The present edition carries, for the first time, a summary of actions taken at General Convention. Credit for this carefully written summary goes to Mr. Peter Day, the editor of The Living Church. Future Conventions will be so recorded by the Directory. It can easily be imagined how valuable and interesting historically would be summaries of this sort in all the past Directories.

A second new feature in this edition is a short essay, by the Very Reverend Darby W. Betts, entitled "The Church's Evolving Architecture", accompanied by photographs of fifteen churches of various styles. It is planned that subsequent editions will include photographs of churches built within the preceding triennium. Over the years this will develop into something of unique interest and importance.

May thousands of this Directory be acquired by the clergy and parishes and lay people! It is a workhorse of the Church and its leadership. Every parish will do well to acquire and keep permanently this and subsequent issues of The Clerical Directory.
